

impington village college

Inspirational, Inclusive, International

Art Technician

Background to IVC

IVC is a well-established village college with a special and distinct warm and caring ethos, a very good local reputation and an identified high capacity for change and improvement. We are serious and committed to developing and building on our core activity of teaching and learning. When the College was last inspected (in October 2006) and it received a very positive report with many outstanding features. Our International Sixth Form is nationally and internationally renowned for its provision and achievement. However, we are not complacent. Our ambition is simple – to be judged 'Outstanding' in all categories! We hope you would want to play a part in helping us achieve these further successes.

Background to the post

The Art Department is currently housed in our Grade 1 Listed Building designed in the 1930s by Walter Gropius – an inspiring place indeed in which to teach Graphics and Art & Design! It is generously resourced.

Application

Please complete:

- (1) an LA application form –correctly and fully filled in using **black** ink
- (2) a word-processed letter of application (not more than **two** sides) in which you should include the following:
 - why you would like this particular post
 - your educational philosophy
 - how your experiences, skills and abilities mean that you are suited to the post of Art Technician at Impington Village College
