

# Impington Village College

*Inspirational, Inclusive, International*

## Minibus Driver

### Background to IVC

IVC is a well-established village college with a special and distinct warm and caring ethos, a very good local reputation and an identified high capacity for change and improvement. We are serious and committed to developing and building on our core activity of teaching and learning. When the College was last inspected (in October 2006) it received a very positive report with many outstanding features. Our International Sixth Form is nationally and internationally renowned for its provision and achievement. However, we are not complacent. Our ambition is simple – to be judged 'Outstanding' in all categories! We hope you would want to play a part in helping us achieve these further successes.

### Background to the post

The College offers transport to Sixth Form pupils who live in Ely and the surrounding villages. We use a 16 seater minibus and have a dedicated driver who picks up students from Earith, Sutton, Wilburton, Wentworth and Ely. However, due to increased demand the College has purchased an additional minibus and requires another driver from September.

### Job description

See attached job description
